The SOURCE **does not** accept walk-ins for tax appointments. Please call in advance to schedule an appointment and to review what you will need to bring with you to make your appointment successful.

To schedule an appointment or for more information, please call The SOURCE at 616.452.5295.

Make Healthy Choices Easier!

By February, some people have forgotten about their New Year's resolutions. If your resolution included eating healthier or saving money, here are some health habits that you can start practicing that can help you accomplish both:

- Creating a meal plan allows you to stay organized and avoid eating out. You can also plan meals that use the same ingredients, which can make for faster meal prep.
- Premeasuring pasta and rice so recipes come together quickly, is also a great trick. Family members can also help place items in containers or plastic storage bags.
- Purchasing "Family Size" packages of poultry or meats can save you money. You can divide large quantities and use for multiple meals. Or, you can prepare enough food to last in the fridge for the whole week.

These steps, along with having a plan at the grocery store can help you and your family make healthier choices, save time and save money!

For more information on food resources or healthy lifestyle programs, call a caseworker at The SOURCE, 616.452.5295.

Break A Sweat, Not Your Budget!

Deciding on a good gym can be difficult. There are a lot of things to consider: price, availability, location, programs offered, daycare options, etc. You do not have to make this health investment alone! At The SOURCE, we can assess your needs and wants, check out community classes that fit your schedule, and see if you and your family are eligible for income based fees. If your New Year's resolution included joining a gym or breaking a sweat, call a caseworker at The SOURCE to discuss options at 616.452.5295.

February is National Children's Dental Health Month!

Developing good habits at an early age and scheduling regular dental visits helps children get a good start on a lifetime of healthy teeth and gums. Brushing twice a day, for two minutes each time and changing out toothbrushes every 3 months are good habits to implement early. To access free online resources that can help you with teaching children about good oral health, visit ADA.org. A SOURCE caseworker can also help find local resources for you and your family for any dental need. Call 616.452.5295 to schedule an appointment in the month of February!
